1.0 INTRODUCTION

The City of Brunswick, Georgia (hereinafter “City”) is issuing this Request for Proposals (hereinafter “RFP”) from qualified parties (hereinafter “Offerors”) to provide to the City a proposal to conduct an Assessment of Fair Housing (hereinafter “AFH”), prepare a report, create a 5-Year Consolidated Plan (hereinafter “Con Plan”) and create a 1-Year Action Plan.

The City intends to award the contract to only one (1) vendor to provide these services.

2.0 BACKGROUND

The CDBG Program is authorized under Title 1 of the Housing and Community Development Act of 1975, as amended. The primary objective is the development of viable urban communities, achieved by providing decent housing, a suitable living environment, and expanded economic opportunities, principally for Low - and Moderate - Income (LMI) persons. The City of Brunswick is and CDBG Entitlement Community; the City will receive annual CDBG funding from the U.S. Department of Housing and Urban Development (HUD). This designation is a result of Brunswick's growing population and its designation as a metropolitan area.

It is the City's intention to solicit applications for CDBG funding each year from local government agencies, non-profits, and for-profit businesses for projects meeting HUD/CDBG objectives and filling gaps in local services and meeting local priority needs, as outlined in the Consolidated Plan.

2.1. WHAT IS AN AFH?

On July 8, 2015 HUD announced a final rule to equip communities that receive HUD funding with data and tools to help them meet long-standing fair housing obligations in their use of HUD funds. The AFH document replaces the Analysis of Impediments to Fair Housing Choice. HUD will also provide additional guidance and technical assistance to facilitate local decision-making on fair housing priorities and goals for affordable housing and community development.

For more than forty (40) years, HUD funding recipients have been obligated by law to reduce barriers to fair housing, so everyone can access affordable, quality housing. Established in the Fair Housing Act of 1968, the law directs HUD and its program participants to promote fair housing and equal opportunity. This obligation was intended to ensure that every person in America has the right to fair housing, regardless of their race, color, national origin, religion, sex, disability or familial status. The final rule aims to provide all HUD program participants with clear guidelines and data they can use to achieve those goals.

HUD considered and incorporated feedback from the significant public input and comments that it received during the development of this final rule. By encouraging a balanced approach that includes targeted investments in revitalizing areas, as well as increased housing choice in areas of opportunity, the rule will enable program participants to promote access to community assets such as quality education, employment, and transportation.

HUD's rule clarifies and simplifies existing fair housing obligations and creates a streamlined Assessment of Fair Housing planning process, which will help communities analyze challenges to fair housing choice and establish their own goals and priorities to address the fair housing barriers in their community. While the final rule will take effect thirty (30) days after publication, it will not be fully implemented immediately. HUD will provide support to program participants that need to complete an Assessment of Fair Housing to ensure they understand the process and to identify best practices across a diverse group of communities. Some additional information may be found at: <https://www.hudexchange.info/programs/affh/>.

2.2. WHAT IS A CON PLAN?

The Five-Year Consolidated Plan is required by HUD to qualify for federal funding from the Community Development Block Grant.

The City intends to use the Con Plan not only to identify housing and community needs, formulate strategies, and allocate CDBG funds, but to provide City Commission, staff and members of the public with a detailed analysis of the City's current housing and community conditions.

The City's current Con Plan (FY 2013-2018) is available at the City's website:
<http://www.brunswickga.org>

3.0 SCOPE OF WORK

The City, as an entitlement grantee of Federal CDBG funds through HUD, is required to complete an AFH and Con Plan approximately every five (5) years. The City is requesting sealed proposals for the preparation of an AFH report and 5-Year CDBG Con Plan. The 5-year Con Plan will also include the preparation and submission of the first year Action Plan for the anticipated CDBG entitlement award for the period of 07/01/2018-06/30/2019.

In addition to the final copies of these three (3) documents that will be submitted by the successful Offeror to HUD on behalf of the City, the successful Offeror is expected to provide a digitized format (PDF) of all the final copies of the documents to the City.

3.1. ASSESSMENT OF FAIR HOUSING (AFH)

The consultant will collaborate with the City's Department of Economic and Community Development or its designees in the identification, development, scheduling and reporting of activities designed to address the key features in the AFFH ruling. The consultant will complete the AFH in its entirety, including the submission of the report using the Assessment of Fair Housing Tool. This finalized report is due to the City no later than **August 17, 2018**.

Key features of the AFFH rule include:

- Clarifying existing fair housing obligations. Existing patterns of meeting AFFH obligations have been undermined by limited access to data about fair housing conditions and access to opportunity. A Government Accountability Office report from 2010 also cited a lack of clarity, standards, and transparency for communities under the current process. HUD's rule clarifies and standardizes this process.
- Publicly open data on fair housing and access to opportunity. HUD will provide publicly open data and mapping tools to aid community members and local leaders in setting local fair housing priorities and goals.
- A balanced approach to fair housing. The final rule helps to facilitate communities relying on local knowledge and local decision-making to determine best strategies for meeting their fair housing obligations at the local level – including making place-based investments to revitalize distressed areas, or expanding access to quality affordable housing throughout a community.
- Expanding access to opportunity. The strength of America's economy, the stability and security of its neighborhoods, and the ability for all to prosper depends on all Americans having equal access to opportunity – no matter what they look like or where they come from. This rule facilitates local decision-making by HUD grantees to expand equal access to opportunity for all Americans.
- Valuing local data and knowledge. HUD is providing grantees with publicly open data to assist with their assessment of fair housing, but grantees will also use local data and knowledge to inform local decision-making, including information obtained through the community participation process.
- Customized tools for local leaders. Recognizing that one size does not fit all grantee given their differing responsibilities and geographic areas served, HUD will be providing fair housing assessment tools specific to local jurisdictions, public housing authorities (PHAs), and states and Insular Areas.
- Collaboration is encouraged. Many fair housing priorities transcend a grantee's boundaries. Actions to advance these priorities often involve coordination by multiple jurisdictions. The

- final rule encourages grantees to collaborate on fair housing assessments to advance regional fair housing priorities and goals.
- Community voice. The rule facilitates community participation in the local process to analyze fair housing conditions and set local priorities and goals.
 - A phased-in approach. The final rule provides for additional time for communities to adopt this improved process for setting local fair housing priorities than originally proposed.
 - Additional time for small grantees and recent regional collaborations. Local jurisdictions receiving a CDBG grant of \$500,000 or less and qualified PHAs will have more time to submit their first AFH. Grantees that recently submitted a Regional Analysis of Impediments in connection with HUD's Sustainable Communities competition have additional time to submit their first AFH than originally proposed.

3.2. 5-YEAR CONSOLIDATED PLAN

The consultant will collaborate with the City's Department of Economic and Community Development in the identification, development, scheduling and implementation of activities designed to complete a HUD acceptable Consolidated Plan. The Con Plan and FY2018 Action Plan will be prepared and submitted to HUD in a Consolidated Plan Management Process (CPMP) format, which incorporates the latest and most preferred format recommended by HUD. The Consultants are required to work with the HUD format, but also be able to provide a less technical format or approach when engaging in the citizen participation process. The requested FY2018-2023 Five Year Consolidated Plan services include, but are not limited to:

1. Design and Implementation of a Citizen Participation Plan and Process
2. Community Profile
3. Housing and Homeless Needs Assessment
4. Housing Market Analysis
5. Strategy to Alleviate Chronic Homelessness
6. Special Population Needs
7. Public and Assisted Housing Needs
8. Lead Paint Hazard Reduction Strategy
9. Community Development Needs: Housing; Neighborhood Development; Economic Development
10. Five-Year Strategic Community Development Plan
11. Area-targeted Implementation Plan

3.3. 1-YEAR ACTION PLAN

The Action Plan serves as the planning document for addressing overall community development and housing needs, utilizing the entitlement of CDBG funding available to the City for the 2019 year. Projects selected to receive this funding will be included in the Annual Action Plan. The consultant will submit the Action Plan to HUD using the most up to date version of the CPMP Tool in accordance with instructions prescribed by HUD.

3.4. EXPECTED CONSULTANT SERVICES

The City expects the consultant to exercise independent judgment and to perform the requested services in a manner consistent with that expected of senior technical and management staff. The City has limited professional staff capacity to support the project and will rely on the consultant to ensure that the process is completed in a timely manner. The City is able to provide oversight and reasonable clerical support, space for public meetings, and housing/planning related information to the consultant.

It is anticipated that the project will require significant communication with City staff, City Commission, and the public, necessitating numerous meetings. Proposals should meet the proposed timetable below.

The consultant must be well versed in Federal and State housing policies and procedures and have strong research and communication abilities. Both the Assessment of Fair Housing and Consolidated Planning process also involve extensive public consultation; therefore the ideal candidate should have experience engaging the public and conducting public meetings. A successful proposal will include examples of previous projects, staff principals and experience, and references to demonstrate the required experience and skill to produce the requested Plans.

3.5. QUALIFICATIONS

1. Demonstrated knowledge of the Fair Housing Act and local governments' responsibility to affirmatively further fair housing as mandated by Section 808(e)(5) of the Fair Housing Act;
2. Demonstrated experience or knowledge of preparation of HUD accepted Consolidated Plans;
3. Demonstrated experience or knowledge on topics of local, state, and/or national obstacles, practices, and issues that impact fair housing;
